INTERNSHIPS DESIGN

(M/F/D)

JOIN ONE OF OUR DESIGN TEAMS

We find inspiration whether it's on the street, on a journey or on the run. Our design teams are constantly working to redefine the way clothing and footwear transforms the future pitch, court or course. Driven by emotion and form we consider the process of designing products as a lot more than just sketching.

Our designers love the feeling of discovery when they invent shapes, materials and function. When we create a product that makes our hearts beat faster, we know we're onto something. You know that feeling?

We offer a variety of Design roles across our dynamic and highly energized teams with a diverse mix of men's and women's designers from all over the globe.

WE ARE HIRING FOR

- 3D Design Operations Apparel
- 3D Design Operations Footwear
- Creative Direction Color Design
- Design Sport Performance Specialist Sport Footwear
- Design Sports Performance Running & Credibility Sports Apparel
- Design Sports Performance Outdoor Apparel
