INTERNSHIPS
PRODUCT CREATION
(M/F/D)

JOIN ONE OF OUR PRODUCT CREATION TEAMS:

We'll never launch a product unless we consider it perfect. Our product development teams create every shirt, every shoe and every piece of equipment for thousands of athletes and fashion lovers as if it was one of a kind. And it truly is, as they weave their passion into every single product. But translating designs, drawings and renderings into real products requires a lot of decision making.

We constantly concern ourselves with the athletes' needs. Not only in the office but everywhere we are. Our research and development teams absorb new trends and demands like caffeine. We investigate and we analyze: Which textile do running shirts for summer have to be made of, which ones for winter?

WE ARE HIRING FOR

- adiLab
- Apparel Pattern Making / Apparel (Digital) Product Development
- Computational Design & Engineering Footwear
- Materials Development Apparel
- Product Development Footwear
- Product Engineering Tooling Footwear
- Footwear Materials Sustainability Development
- Product Testing & Quality

YOUR APPLICATION

At adidas we believe that "Impossible is Nothing".

As part of your application, we'd like you to tell us what this phrase means to you. Think of what makes you passionate about joining the brand and why you want this role.

The format is totally up to you! If you are creative minded, show us. If you're analytical, share more! If you prefer to simply put pen to paper, go for it.

Your '1 pager' can be submitted as print, visual, written, digital or a link. The only requirement is that the 1 pager is submitted as a PDF.
